10-6-2005

By Order of the Superintendent, Russell E. Galipeau, Jr.  
Channel Islands National Park

Date

Pursuant to CFR title 36 1.5 (c) - Determination - this temporary closures action is necessitated for the safety of visitors and the protection of park resources. This closure action is required to allow the timely and orderly removal of feral pigs from the island by contract hunting. Less restrictive access to the closed areas during this time period would have the potential for adverse effect on visitor safety and park resources.
